

What the invention claimed is:

1. A cell phone carrying bag comprising:

a bag adapted to accommodate a cell phone;

a wrist strap provided at one side of said bag and adapted to

5 fasten said bag to the user's wrist; and

two finger straps provided at one side of said bag opposite to said wrist strap and adapted to fasten said bag to two fingers of the user's hand to keep said bag supported on the back of the user's hand.

2. The cell phone carrying bag as claimed in claim 1, wherein

10 said bag comprises a soft back pad; said wrist strap and said finger straps are respectively connected to said soft back pad at two opposite lateral sides.
